SWIMMING LESSONS

According to the CDC children ages 1-4 who participate in formal swimming lessons are 88% less likely to drown. Let us help your children learn to be safe and strong swimmers! Registration for lessons is available at <https://splashpoolservices.com/swimming-lessons/> after May 15th.

Group Lesson Session Dates:

Session 1 June 3-June 13

Session 2 June 17- June 27

Session 3 July 8-July 18

Session 4 July 22-August 1

The second Friday of each session will only be used for make-up classes in the event of a full class cancellation.

Group lessons are participation based.

Classes will only run if there are at least 3 swimmers registered for each full session. If

the class you registered for does not run due to low enrollment you will have the option of applying your enrollment to a future session, receiving 2 vouchers for free private lessons or a refund. The vouchers are good for 1 year and can be redeemed at Splash Swim School OR Westfield. Classes run between 9:15am and 11:00am each session. Specific class times are set prior to each session. You will be notified of your specific class time(s) no later than the Saturday prior to each session.

Private and semi-private lessons are also available. These are 1:1 or 2-3:1 lessons that are scheduled at your convenience. They are guaranteed to run. You choose the time, you set the goals and we take it from there! Please speak with the pool manager to schedule lessons.

NON-SWIMMER WRISTBAND POLICY

Drownings happen quickly and quietly even when lifeguards and parents are present. To prevent drownings it is imperative that parents and guardians actively watch their children in and around water, even when lifeguards are on duty. Splash Pool Services and Westfield are pleased to announce a strategy to prevent drowning. All “non-swimmers” will be required to wear wristbands indicating that they must have a guardian within one arms reach. Wristbands are a great visual aid indicating swimming ability. They quickly and easily help lifeguards and bystanders identify which swimmers require close supervision.

All swimmers under the age of 10 must swim one length of the pool safely in order to swim without a wristband. *That age was determined since it's the cut off for swimming unsupervised at Westfield.* If they cannot pass the swim test they must wear a wristband and be actively supervised by a guardian who is within one arms reach of them in the water. Guardians must be at least 14 years old. Swimming ability will be noted in the membership database and non-swimmer wristbands will be given to those who need them each time they enter the facility. Swimmers may retake the swim test through out the summer in order to prove their ability to stay safe on their own. The full policy will be available at the pool. Feel free to contact Splash (*contact information on reverse*), or discuss any questions or concerns with the pool manager.

Although our lifeguards are provided to assist you with supervising your swimmers, please remember that you are ultimately responsible for the safety of your family and your guests. There is no substitute for your ACTIVE SUPERVISION!

Feel free to contact Splash (*contact information below*), or discuss any questions or concerns with the pool manager.
